

**Cooperative Agreement  
Quality Metrics  
2022**

In accordance with W. Va. Code §16-29B-28(g)(1)(B), hospitals that are party to a cooperative agreement involving the combination of hospitals must disclose the performance of each hospital with respect to a representative sample of quality metrics selected annually by the WV Health Care Authority (Authority). The following table represents the quality metrics selected by the Authority. Each hospital that is party to a cooperative agreement must complete the form below and submit it to the Authority.

Hospital Name: \_\_\_\_\_

Fiscal Year: \_\_\_\_\_

<b>Measure Name (NQF#) *</b>	<b>Most Recent Result (National Average) *</b>	<b>Hospital's Result</b>	<b>Variance from National Average</b>
Methicillin-Resistant Staphylococcus aureus (MRSA)	1.009		
Central Line-Associated Bloodstream Infection (CLABSI)	0.948		
Specific Surgical Site Infection (SSI) - Colon Surgery	0.828		
Clostridium Difficile Infection (CDI)	0.529		
Catheter-Associated Urinary Tract Infection (CAUTI)	0.799		
Rating of Hospital (% of respondents choosing a 9 or 10 out of 10)	73.0%		
Communication with Nurses (Always)	80.0%
