BEDS & OCCUPANCY INSTRUCTIONS

LICENSED AND SET UP

- 1- For the projected actual and budget fiscal years, list the number of beds that the facility is licensed to operate in the appropriate column.
- 2- In the column labeled “set up”, list the average number of beds that were set up and staffed during the fiscal year.
- 3- The percentage of occupancy should be calculated for both beds licensed and beds set up.
- 4- Provide the above referenced information for each distinct part unit that is applicable to the hospital.

NOTE: Attach a copy of the hospital’s current license.
